Williamsport Dickinson Seminary is owned by the Preachers' Aid Society of the Central Pennsylvania Conference of the Methodist Episcopal Church. It was founded in 1848 and is regularly chartered under the laws of the State of Pennsylvania. It is not a money making institution. All of its earnings as well as the generous gifts of its friends have been spent for maintenance and improvement. Its one object is to provide the best possible educational advantages in a home-like, religious atmosphere, at the minimum cost.

# **The Seminary**

Williamsport Dickinson Seminary is a high grade boarding school for both sexes. It has long since ceased to be an experiment. For fifty-nine years it has been doing its work with constantly increasing efficiency.

## **Location**

Williamsport is called "The Queen City of the West Branch of the Susquehanna River." It is famous for its picturesque scenery, its healthful climate, its beautiful homes, and the culture and kindness of its people. The New York Central, the Reading, and the Pennsylvania Railroads, with their fast trains, put Williamsport within two hours reach of Harrisburg, four and one-half hours of Philadelphia, and seven hours of Pittsburg.

## **Aim**

The Seminary aims to fit for college and for life. It will prepare students for any college or technical school. For those who do not plan to go to college, it offers exceptionally strong courses leading to appropriate degrees. The large number of graduates who have gone directly from the Seminary to their life work, and are now filling high positions is the best possible testimony to the educational value of these courses.

## **Faculty**

The Faculty is composed of thoroughly trained, carefully selected Christian men and women. The two ideals they hold before themselves are scholarship and character.

### **A Home School**

Every effort is put forth to make the Seminary as home-like as possible. The instructors live with the students, room on the same halls, eat at the same tables, and strive in every way to win their confidence and friendship.

### **A School of Culture**

The Seminary aims to develop in its students an easy familiarity with the best social forms and customs. Inter-course with young people of both sexes in the dining hall, at receptions and other social functions, together with frequent talks by instructors, do much in this way for both ladies and gentlemen.

### **A Religious School**

The Seminary is a religious school. It is not sectarian. At least four religious denominations are represented on its Board of Directors. Every student is encouraged to be loyal to the church of his parents. But the atmosphere of the school is positively and aggressively religious. Every effort is made to induce students to enter upon the Christian life and be faithful thereto.

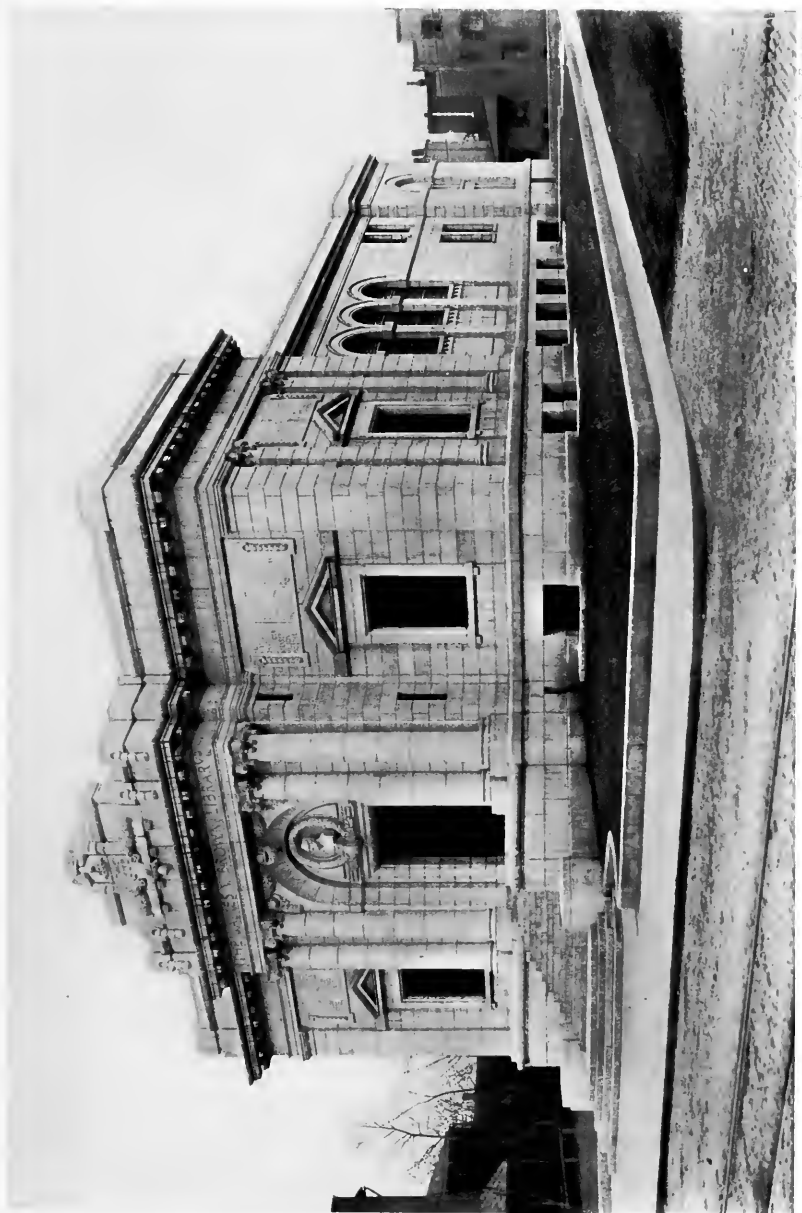

### **Discipline**

The Seminary believes that young people can be led better than they can be driven. It strives to inspire its students with high ideals, rather than to force them to do right through fear of punishment. But any lawlessness is promptly, and if necessary severely dealt with. Those who will not try to do right are not wanted at the Seminary.

### **The Sexes**

The ladies' apartments are entirely separate from the others. Young ladies are chaperoned to all public entertainments. *There is no association of the young ladies and gentlemen except in the presence of the instructors.*

*James F. Brown Library*

## **Athletics**

The place of athletics in the life of the modern school is fully recognized. Attendance in the gymnasium is compulsory. Two Physical Directors care for the health of the students and direct their athletic work. One of the finest athletic fields in the State offers every facility for foot ball, base ball, tennis and other out-door sports.

## **Buildings**

The buildings are of brick. They stand upon an eminence overlooking the city, in the midst of about six acres of beautiful grounds. The rooms are large, airy, and well furnished. The buildings are lighted by electricity, heated by steam, and supplied throughout with hot and cold water and all the modern conveniences. Constant care is exercised to preserve the best sanitary conditions.

## **Literary Societies**

Three Literary Societies, the Belles Lettres, Gamma Epsilon and Tripartite Union, with well selected libraries aggregating over two thousand volumes, are maintained by the students.

## **Library**

A reference library is part of the equipment of the Seminary and every effort is made to train the student in an intelligent use of the same.

The James V. Brown Public Library is within two squares of the Seminary. Its large collection of books as well as its courses of lectures and entertainments are freely open to all students of the Seminary.

## Special Information

Young people of good moral character may enter the Seminary at any time for a single term or longer.

Applicants must bring certificate of work done and recommendation from school previously attended or from former instructors.

Students from a distance are required to live in the buildings. But those having near relatives residing in Williamsport are sometimes granted permission to make their homes with them.

Students are expected to come on the first day of the term and remain until the last day. Absences from classes at the beginning or end of the term *count double* and cannot be excused.

Parents should not call their children home during the term. Any absence interferes with good work.

Permits from home are accepted as advices, not mandates. In any case the final decision as to whether a permission will be granted, rests with the President and Faculty. No permit will be considered unless it has been mailed directly to the President.

No student shall be considered as having severed his connection with the Seminary until notice has been given and permission obtained from the President.

Students must report at the Seminary immediately upon arrival in Williamsport.

Students should be sparingly supplied with spending money. Whenever desired a member of the Faculty will act as patron, paying weekly such allowance as may be designated, and supervising all expenditures.

Students are not allowed to visit drinking saloons, pool rooms, the theater or similar places of amusement. Disobedience of this rule will be followed by dismissal.

Any student, who for disciplinary reasons, is requested to leave the city before a certain time, shall be considered as having expelled himself if he delays his departure beyond the designated time.

The Sabbath must be strictly observed. Attendance upon church services is required of all, but everyone is free to select which of the churches he will attend.

Students are expected to provide themselves with Methodist Hymnals (new edition) for use in the chapel service.

Meeting or engaging in conversation by ladies and gentlemen is forbidden except at such times and places as may be arranged for by the Faculty.

Guests may be entertained only when the permission of the President has first been obtained and their hosts pay the regular rates for their entertainment. Parents or guardians visiting pupils are for the first twenty-four hours the guests of the Seminary. No visitors are allowed on halls or in the students' rooms without permission.

Everyone who desires to continue as a student of the Seminary must show a reasonable disposition to comply with its regulations. In addition to the above some of the things expected are the following:

To be present at recitations or in his own room during study hours.

To keep his room and furniture in good condition.

To pay at once for any damage done by him to furniture, room, or any part of the grounds and buildings.

To refrain from using tobacco about the buildings or grounds and to abstain from all coarse or profane language.

Not to leave the city or go bathing, boating, skating, fishing, gunning, or riding without permission from the President.

To obtain the permission of the Faculty before dropping any study which has been taken up.

Day students during school hours are under the same regulations as the boarding students. When not at recitation they must be in the Study Hall. For any absence from recitation or chapel a written excuse from parent or guardian must be presented.

## Payments

All bills are payable in advance, one-half at opening, one-half at the middle of the term. The Seminary cannot carry accounts over. *Students whose bills are not paid two weeks after they are due must be withdrawn.* One man can arrange for the amount due by him more easily than the Seminary can arrange to carry a deficit caused by the failure of a large number of patrons to pay promptly.

## Discounts

The children of ministers who are serving churches in Williamsport may receive free tuition at the Seminary.

Special discounts are allowed on the regular \$60 and \$300 rates to the following:

## **Courses of Study**

The Diploma of the Seminary will be awarded to the student who completes any one of the following courses: The Course in Commerce; College Preparatory; History and Literature; Piano; Vocal Music; Violin; Expression; Art.

Degrees will be conferred as follows: Upon those completing the Classical Course the Degree of Bachelor of Arts will be conferred.

Upon those completing the Science and Literature Course the Degree of Bachelor of Science will be conferred.

Upon those completing the Belles Lettres Course the Degree of Mistress of English Literature will be conferred.

In order to graduate with a Degree or a Diploma a student must have spent at least one year in study at the Seminary and also have paid all his bills.

Students who do not intend to pursue one of the regular courses, with the consent of their parents and the approval of the Faculty, may elect such studies as they desire.

## **The Primary Department**

A limited number of children over six years of age are received as day pupils. For the accommodation of these a large well lighted school room furnished with all modern equipment is reserved. A competent teacher especially trained for this work gives to each pupil an amount of individual attention such as could not under ordinary conditions of school life be given. The special teachers in Art, Expression, Vocal Music, and Physical Training give the children lessons in these subjects and the course of study and methods of instruction are such as are in use in the best primary schools.

## **The Academic Department**

Young or backward pupils who are not prepared for the work of the regular courses enter the Academic Department. Here regularly graded classes in all the common English branches afford opportunity to take such work as they are fitted for. The work of the last year includes Arithmetic, Grammar, English Composition, Geography and Map Drawing, American History, Reading, Spelling and Penmanship.

For more detailed information as to text books used, methods, etc., see under Departments.

Figures following a study show in what term or terms the subject is studied. Where no figures follow, the study is carried through the three terms of the year.

# Departments

## English Bible and Ethics

PRESIDENT EVELAND.

In all the regular courses the English Bible is a required study. By text book and lecture the student is made acquainted with the outline and the most striking events and characters of Biblical History.

The work in Ethics seeks to acquaint the student with the ideals of the different Ethical schools and to show the reasonableness and necessity of loyalty to high moral standards. The text book is Elements of Ethics (Muirhead).

## Sciences

DEAN McCLOSKEY.

The development of the powers of observation and reasoning, as well as the acquirement of a fund of practical knowledge is the aim of all the work in science. Work is done covering the requirements for admission to colleges and technical schools, while for those who do not plan to go to college additional work is offered.

Physics (Gage's Revised). A well equipped laboratory furnishes every facility for careful work. Mechanics, Sound, Heat, Optics, Electricity and Magnetism are studied, and principles and laws illustrated with suitable apparatus. Special attention is given to the records of laboratory work done by the student and every effort is made to secure clear and accurate accounts of work done and results obtained.

Chemistry (Remsen's Briefer Course). Work in Analytic Chemistry is also offered as an elective. The laboratory is furnished with individual tables and supplied with gas,

1. Apt. Studio 2 Commercial Room 3 Laboratory

Bunsen burner, ring stand, water case with full set of reagents and all necessary apparatus for illustrative experiment and quantitative analysis.

Geology (Brigham). The surrounding country offers unusual opportunities for the study of Geology directly from the book of nature. Every student makes a written report and collects characteristic specimens and fossils, representing the seven different geological formations presented by outcrops, within a few miles of the Seminary.

Zoology (Colton). The simpler laws of life are taken up and a practical study made of the fern, earthworm and frog. The oyster, crab and cat are also dissected and the general relation in structure and physiology of plants and animals is carefully brought out.

Botany (Bergen's Foundations). The laboratory method is followed. Compound microscopes are accessible to the class and pupils are provided with a powerful lens and apparatus for plant dissection. But the emphasis is laid upon a study of the plants themselves rather than upon plant analysis.

Photography. A dark room and complete photographic outfit is part of the Seminary equipment.

## English

MISS BOWMAN.

The aim of the work in English is to develop as far as possible, in every student, the power to write correct and forceful English, and to understand and appreciate the best things which others have written. The foundations are carefully laid in a study of formal grammar, the principles of which are constantly reviewed throughout the course.

Themes and longer compositions are frequently required. These are examined, corrected and returned to the pupil for revision or for new work of a similar character. Essays and orations for public delivery are required during the Junior and Senior years. The schedule of English Classics for college entrance requirements is followed throughout the four years and in the Junior year text books on American and English Literature are studied in all the classes. Careful attention is given to oral English.

#### FRESHMAN YEAR.

Reading, Writing, Spelling and Composition are given throughout the year.

Grammar (Scott and Buck), careful drill with review.

## History

### MISS WILSON.

The course in history runs through three years. Four hours per week are given to this work. Starting with the beginnings of civilization in the ancient empires of the East, the student traces the steps of human progress through Greece and Rome, thence through medieval and modern Europe noting carefully in England and Continental Europe the providential preparation for the new world that was to be opened across the Atlantic, and so comes fully prepared to an intelligent study of the social, industrial, and political history of the American people. The student is taught to use both text book and library. Work in historical reading and investigation is assigned and verbal and written reports made to the class.

### **Ancient Languages**

#### PROFESSOR RYDER.

The practical value of a study of the classics has often been questioned but nothing has ever been found to take their place. They are still retained in the best courses of the best schools, and are pre-eminently adapted to bring the student to an acquaintance with language and life.

The Preparatory course offered by the Seminary covers the needs of those preparing for college or technical school. The Classical course is more extensive and offers considerable of the work usually done in college. Every effort is put forth to make the study a live and interesting one to the student. Scrupulous attention is given to grammatical structure, the relation of these languages to English, the

illustration and application of principles, accuracy and elegance in translation and the literary significance of the authors. Prose composition is carried through the course and Mythology and Classical Geography are studied in the Senior year.

## **Latin**

## Mathematics

PROFESSOR LINDSEY.

The Seminary offers a full course in Mathematics, covering the work done in many colleges. College Preparatory students are given such work as will fit them for the college or technical school they wish to enter.

Careful effort is put forth to vitalize the Mathematical work by giving interesting practical applications of the principles involved. The interest of the student in his work is heightened as he finds that it has a practical as well as a disciplinary value.

Arithmetic (Milne). Completed in Academic course and in first year of Belles Lettres, College Preparatory, and Commerce courses.

### FIRST YEAR.

### SECOND YEAR.

In the work of demonstration clearness and exactness of statement are insisted upon. To develop the student's own powers of reasoning much original work is given.

### **Political Economy and Civil Government**

PROFESSOR HICKOX.

Political Economy (Walker). The general laws governing the production and distribution of wealth are studied and every effort put forth to make the work of practical value by applying these to present day economic problems like strikes, monopolies, labor unions, etc.

Civil Government (Young). The work includes a careful study of Local, County, State and Federal Governments, and is closely correlated with the advanced course in American History.

### **Physical Training (Girls)**

MISS BURCH.

The aim of this work is the care and development of the body by means of appropriate exercises. The results achieved are better health, good poise, and the overcoming of physical defects. The work is planned in accordance with scientific principles. Physical examinations are required and corrective work assigned. American and Swedish systems are used and a complete course given.

### **Athletics and Physical Training (Boys)**

PROFESSOR HICKOX.

Persistent effort is made to interest every boy in some form of out-door sport. The athletic teams are carefully selected and trained. They are sent into a game to win if they can, but more emphasis is placed upon playing the game fair and straight than upon winning. During the inclement weather every boy reports three times per week for gymnasium work.

### **Expression**

MISS GILMORE.

Expression is taught as an art resting upon the recognized laws of nature. No effort is made to fashion the pupil after any fixed models. The aim is to quicken and develop the intellectual faculties, cultivate the imagination, and discipline all the agents of expression.

Students who expect to graduate must have studied and passed satisfactory examinations in all the common English branches, Physiology, Psychology and American and English Literature. One public recital must also be given.

#### SOPHOMORE YEAR.

### **Art**

#### MISS FISK.

The course offered provides a thorough preparation for entrance to any School of Art or Design. A careful drill in fundamental forms and theories is given, but from the beginning the student is compelled to do his own work aided simply by suggestions and corrections from the instructor.

History of Art is taught by text book and lecture. There are also lectures on Color Theory, Principles of Design and Decoration, and Artistic Anatomy according to schedule.

The course requires three years, but much depends upon the ability of the student who will be advanced as rapidly as possible.

The Seminary reserves the right to retain as specimens of work done two sheets from every student.

China painting may be substituted for oil, water color, or pastel in the Junior year. Students not in the regular course may elect any work for which they are prepared.

## The School of Commerce

PROFESSOR HOYT.

The Seminary has been offering such courses of instruction in Bookkeeping and Business, Stenography and Typewriting, etc., as are usually offered in a Business College, and will continue to do so for the benefit of students who desire to take such work.

But the day has come when the young man or woman who desires to win large success must receive a broader training for his work. From three to four years are spent in a school of law or medicine. Why should there not be an equally thorough training for business? If a boy prepares to enter college by studying for four years the Languages and Mathematics he will need when he enters upon his work there, why should he not spend three or four years studying the world's geography and history from a commercial point of view, acquainting himself thoroughly with the theory and practice of business as it is carried on by the great industrial and financial concerns of to-day, getting a grip on the things he will need to use when he steps out into the business world? The attention of parents who have children they desire to prepare for business is especially directed to the new course in Commerce, which, in addition to what has been mentioned, includes a three years' careful drill in those common English branches which are the raw material of all our knowledge; a course in commercial law and full course in bookkeeping and in stenography and typewriting. Students entering either the long or either of the short courses, are charged the regular rate of \$60 per year. No extras unless extra work is taken. For detailed course of Commerce see under Courses of Study.

## Piano

MISS STUART. MISS EHREN. MISS GOHL.

This course has recently been lengthened to four years. The character of the work required as well as the quality of the instruction will, it is believed, still further increase the high reputation the Seminary has already won.

Students who have had sufficient previous training will be admitted to the Freshman class. Only those passing satisfactory examinations will be admitted to the higher classes.

Pupils taking but one lesson a week cannot complete the course in the prescribed time.

All candidates for graduation, in either instrumental or vocal music, must have studied and passed satisfactory examinations in Harmony and History of Music and must have given public recitals.

The musical students meet fortnightly for lectures and public practice.

No reductions will be made for lessons missed because pupils have failed to present themselves at the time appointed, nor is the teacher under any obligations to make up such lessons with the pupil.

A limited number of artists' recitals are given during the year. These recitals are a valuable part of the training of students pursuing musical courses. They are therefore expected to purchase tickets and attend. During no year has the total cost of tickets exceeded three dollars.
